

## **The Artisans**

The Artisans are an exciting new medieval band emerging from London.

They have an interesting variety of well-researched programmes of music spanning four centuries from England, France, Spain and Italy. With exotic dance tunes to rousing chorus songs, their playing enchants all those who hear them.

The musicians bring together a broad experience from both the early music and folk worlds.

Performing on a variety of fascinating instruments including recorders, bagpipes, vielle, harp, rebec, symphony, oud and a variety of percussion, this is a band to watch out for!
